Green Lancaster: Education and Engagement for the Sustainable Development Era

Our Projects, campaigns and events fall into the following four core sustainability themes:

Our ECO family of projects promoting agricultural & land-use solutions for a sustainable, wellbeing society in balance with

1.12-

Promoting healthy and active travel locally and facilitating modal shift to low-carbon travel nationally and internationally.

The home for Environmental Sustainability at Lancaster University providing a space for active participation and demonstration of projects across our project thematic groups with a specific focus on agriculture and biodiversity initiatives.

A crucial health and wellbeing facility on campus; contact with nature. Engagement of hundreds of students each year in the volunteer programmes based on site including student-led Society. Enterprise trading produce and products on campus and locally. Education provides a base for teaching module $yV-o\#\ Transformative Learning$ Environments agenda from to ESD for 2030 (roadmap).
